LAW OF THREE

“A new arising from the previously arisen through the “Harnel-miaznel,” the process of which is actualized thus: the higher blends with the lower in order to actualize the middle and thus becomes either higher for the preceding lower, or lower for the succeeding higher;’ and as I already told you, this Sacred-Triamazikamno consists of three independent forces, which are called:

the first, ‘Surp-Otheos’;
the second, “Surp-Skiros’;
the third, “Surp-Athanotos’;

which three holy forces of the sacred Triamazikamno the said science calls as follows:

the first, the ‘Affirming-force’ or the ‘Pushing-force’ or simply the “Force-plus;
the second, the ‘Denying-force’ or the ‘Resisting-force’ or simply the ‘Force-minus’;
and the third, the ‘Reconciling-force’ or the ‘Equilibrating-force’ or the ‘Neutralizing-force.’

“At this place of my explanations concerning chiefly the fundamental laws of ‘World-creation’ and ‘World-maintenance,’ it is interesting to notice by the way, that the three-brained beings of this polanet which has taken your fancy, already began, at that period when the consequences of the properties of the organ Kundabuffer were not yet crystallized in their common presences, to be aware of these three holy forces of the Sacred-Triamazikamno and then named them:

the first, ‘God-the-Father’;
the second, ‘God-the-Son’; and
the third, ‘God-the-Holy-Ghost’;

and in various cases expressed the hidden meaning of them and also their longing to have a beneficent effect from them for their own individuality, by the following prayers:

‘Sources of Divine
Rejoicings, revolts and sufferings,
Direct your actions upon us.’

or ‘Holy-Affirming,
Holy-Denying,
Holy-Reconciling,
Transubstantiate in me
For my Being.’

or ‘Holy God,
Holy Firm,
Holy Immortal,
Have mercy on us.’

LAW OF SEVEN

“‘The-line-of-the-flow-of-forces-constantly-deflecting-according-to-law-and-uniting-again-at-its-ends.’

“This sacred primordial cosmic law has seven deflections or, as it is still otherwise said, seven ‘centers of gravity’ and the distance between each two of these deflections or ‘centers of gravity’ is called a ‘Stopinder-of-the-sacred-Heptaparaparshinokh.’

“This law, passing through everything newly arising and everything existing, always makes its completing processes with its seven Stopinders.” ⁵

SMITTY’S DISCOVERY

Any whole phenomenon can be calculated as an octave, as a “something” that runs from its allness to its nothingness, or vice versa, dividing the totality “diatonically” by the ratios: $1/8$, $1/4$, $1/3$, $1/2$, $2/3$, and $7/8$.
